

Documenting 90 Urology Focused CME Hours

Applicants for Life Long Learning Level 1 and Level 2 must document both Category 1 and Category 2 CME activities. Category 1 credit is given for third party documentation in the form of an official certificate, transcript, or other verification issued by the AUA or another CME sponsor. Category 2 activities should be logged by date (approximate is acceptable), type of activity, description of activity, and number of hours claimed.

Category 2 Activity Examples:

- Consultation with peers and medical experts
- Developing and reviewing quality assessment data
- Use of enduring materials (reading), provide title
- Small group discussions (provide name and topic)
- Self-assessment activities
- Journal club activities (provide club name and nature of activity)
- Teaching health professionals (provide setting and topic)
- Medical writing (provide publication name and subject matter)
- Teleconferences (provide organization name and topic)
- Preceptorships
- Lectures, seminars, and workshops not designated as Category 1
- Other (specify)
